GLACIER RE-FLUSH MODEL (Recirculating Flushing Unit / Reflow) The Five Peaks Advantage

Our features come standard at no additional cost to you!

Shelves
Glacier models come with corner shelves - one equipped with beverage holder.

Utility Hook
Utility hook secures personal items from a heavy-duty utility belt, rain gear, cold weather overalls to purses and coats.

Tank & Skid
Slip resistant skid with integrated side draining system allows water to drain to the sides eliminating puddles in the front of the unit. Tank design allows for maximum cabana space and an elongated seat providing a more user friendly experience.

Reflow Hand Pump
Heavy-duty hand pump for refushing the toilet

Integrated Door System
Our three part door system is made up of a fiberglass door rod, three high density plastic bushings and two stainless steel springs for years of worry-free services.

Door Hasp
Lockable exterior door hasp helps control usage of the unit.

Three-roll Paper Holder
One piece design keeps paper dry and will accept all style rolls. Keyed lock included.

Springs
Heavy-duty stainless steel spring system for years of maintenance free service.
